

Laborama 2011

Once again, the 12th edition of Laborama at Brussels Kart Expo, on March 24 and 25, 2011, will bring a good mix of exhibitors who participated at previous editions and new ones. In Belgium, Laborama has become an important meeting point for the wide laboratory sector, whereas the 2-day formula proves to be successful and meets both the exhibitors' as the visitors' requirements.

On March 24 and 25, 2011 the doors will be open to visitors from 10h00 till 17h00. Visitors, who wish to arrive before traffic, are welcome in the Early Birds café that opens at 08h30. A vast parking lot is at disposal and a free shuttle service will be organized between the nearest railway station and the exhibition halls. The event attracts visitors from governmental institutions, pri-

vately owned companies, the service sector and represent a large range of application domains such as chemistry, petro chemistry, environment, agro – food, biotechnology, pharmacy, cosmetics, education.

In 2011 a number of distinguished speakers are invited to give a lecture in one of their specialisms, whereas the following speakers agreed to be present:

- Prof. Dr. Pascal Van Der Voort, University of Ghent – Dept. of Inorganic and Physical Chemistry
- Geert De Poorter, Director-general, Department of Laboratories, Federal Agency for the Safety of the Food Chain
- Prof. Jean-François Focant, Associate Professor in the Chemistry Department of the University of Liège in Belgium
- Philippe Denoel, GSK Biologicals, Director Scientific Affairs & Bacterial Projects Advisor Research & Development

The theme of the 12th edition is the Year of Chemistry and the organizer will do all the necessary to offer once again, an interesting, compact and efficient exhibition. The goal being to offer services of quality which lead to business contacts and the exchange of information on a high level. Visitor's registration is open as of January 3, 2011. Visitors who preregister have free entrance to Laborama.
